

## Central Missouri Speedway 2026 B-Mod Rules

**B-Mods can run under any of these 3 different types of rules for 2026 race season: USRA, POWRI, or 2025 CMS Rules.**

1. USRA cars: Aftermarket lower control arms are allowed (must be in stock locations)
2. USRA cars:j Must disconnect alternator if running POWRI

**Refer to the above-mentioned sanctioning bodies' official rule books for additional information. Do not read between the lines, do not assume you can make things up on your own, ask questions and clarifications if you are unsure of anything. The assigned CMS Technical Inspector has the final say in rules clarification.**
